JOUST

SURVIVAL of the FITTEST

**The legend
continues.**

The sequel...without equal!

This is no ordinary video. This is no pay-play-walk away game. This is a feast for the senses. A wonder for the imagination. An incredible flight of fantasy that thrills and entrances.

This is JOUST 2. The sequel to the record-setting video of the same name. With dual player excitement, buy-in feature, powerful sound system, and 35 different screens, each elaborately constructed to build difficulty and challenge every reflex and skill.

But this fantasy war of jousting with lances on high is also much more. Its characters of other-world intrigue. It's a masterpiece of strategy. It's graphics that are unsurpassed in brilliance and animation that is awesome. The backgrounds live! They pulse, change colors, act and react. In this mythological world, buzzards and vultures swoop out of Escher-like configurations. Flying ostriches and storks can be transformed into Pegasus to increase maneuverability on the ground. Buzzard eggs hatch into evil aggressors while golden eggs offer the promise of special rewards.

JOUST 2. Seeing is believing.
